

RESPONSE FOR THE URBAN VOICES
THIRD ANNIVERSARY CELEBRATION

GIVEN BY, EVE COVINGTON

A Anniversary generally signifies growth, longevity, and staying power, or one's ability to hold to one's vision, to make one's dreams realities. A Anniversary also signals New Beginnings, a time for making assessments, for planning, for seeing things from a new perspective. And it is from a perspective of Joy that I salute The Urban Voices at this their third Anniversary Brunch, and welcome the opportunity to share in this Joyous celebration that indeed signals growth and New Beginnings.

I join you as we envision an Urban Voices heard throughout America, as you expand and grow into perhaps a National Organization, incorporating Urban Voices in major Urban cities. I salute your growth and your imminent success! In you I see a reflection of self, and the faith necessary to pursue unceasingly the joy that life holds for each one of us, as we choose to live it and grow. Today is the beginning of a New Beginning, and what a Glorious beginning it is! I see your Success and I salute you! God Bless you!
